EXPERIENCE

Ministry of Education's Innovation Cell (AICTE)

Startupfellow(IT)

New Delhi, India

November 2024 - Present

1. School Innovation Council (SIC)

- Developed a scalable national platform using **Core PHP** and **React** to support **20,000+ schools**, enabling seamless registration, reporting, and activity tracking aligned with **NEP 2020** and **NIEPP**, promoting student innovation.

2. Kalam Program for IP Literacy and Awareness(KAPLIA)

- Led migration from **Core PHP** to **React + PHP**, improving **UI/UX** and scalability; managed **23,700+ patent submissions** from **2,733+ institutions** while automating submission tracking and reimbursement workflows.

3. School Innovation Ambassador Training Program(SIATP)

- Developed **Angular-based frontend modules** for a nationwide teacher training platform covering **ideation, IPR, and design thinking**, enhancing user engagement and increasing training participation.

Tezo

Product Engineer Intern

Hyderabad, India

January 2024 - July 2024

- Developed a dynamic **Employee Directory** web app with **Angular** and **ASP.NET**, ensuring seamless integration of frontend and backend for enhanced user interaction and data management.
- Collaborated with cross-functional teams to implement effective optimizations in **Angular frontend** and **ASP.NET backend**, enhancing application efficiency and scalability while meeting project deadlines.

Ministry of Education's Innovation Cell (AICTE)

Web developer Intern

New Delhi, India

March 2023 - January 2024

- Led initiatives to enhance the functionality and usability of **kapila.mic.gov.in** by implementing regular updates and strategic bug fixes, ensuring a more intuitive browsing experience for users.
- Worked with cross-functional teams to identify and implement solutions that enhanced the overall performance of **sia.mic.gov.in**, resulting in a more user-friendly interface.

PROJECTS

Umeed - Healthcare Access Android App

- Pioneered** the development of an **Android app** connecting patients with **hospitals, clinics, and blood banks**, providing **real-time availability** of hospital beds including **ICU beds** to empower timely healthcare decisions
- Championed a visionary project honored with the **1st position** in **Smart India Hackathon 2022**, outshining over **250 competing teams**, for its transformative approach to addressing **healthcare accessibility** and **resource optimization** challenges.

Vitran- Scholarship Application Platform

- Spearheaded** creation of a **scholarship application platform** featuring **integrated registration** across multiple **state portals**, reducing **administrative workload** for educational institutes.
- Developed **personalized recommendation algorithms** and **direct complaint mechanisms** to enhance **user experience** and improve **process transparency**.

ACHIEVEMENTS

- Won** consecutive **top honors** at the **National-level Smart India Hackathon** in **2023** and **2022**, competing against **250+ teams** on identical problem statements.
- Secured 1st Runner-up position** at **Ideafiesta'22**, an **inter-college hackathon**, outperforming **85 teams** and demonstrating strong **innovation capabilities**.
